Remember me
Checking this box will make the device being worked on remember the site code and username for the next time.

About
Information about LJ Create.

Requirements
Information regarding the requirements for your computer to run LJ ClassAct II, including a link to download the latest Adobe Reader.

Terms
View the terms of use.

Privacy
Information regarding privacy and how we use cookies.

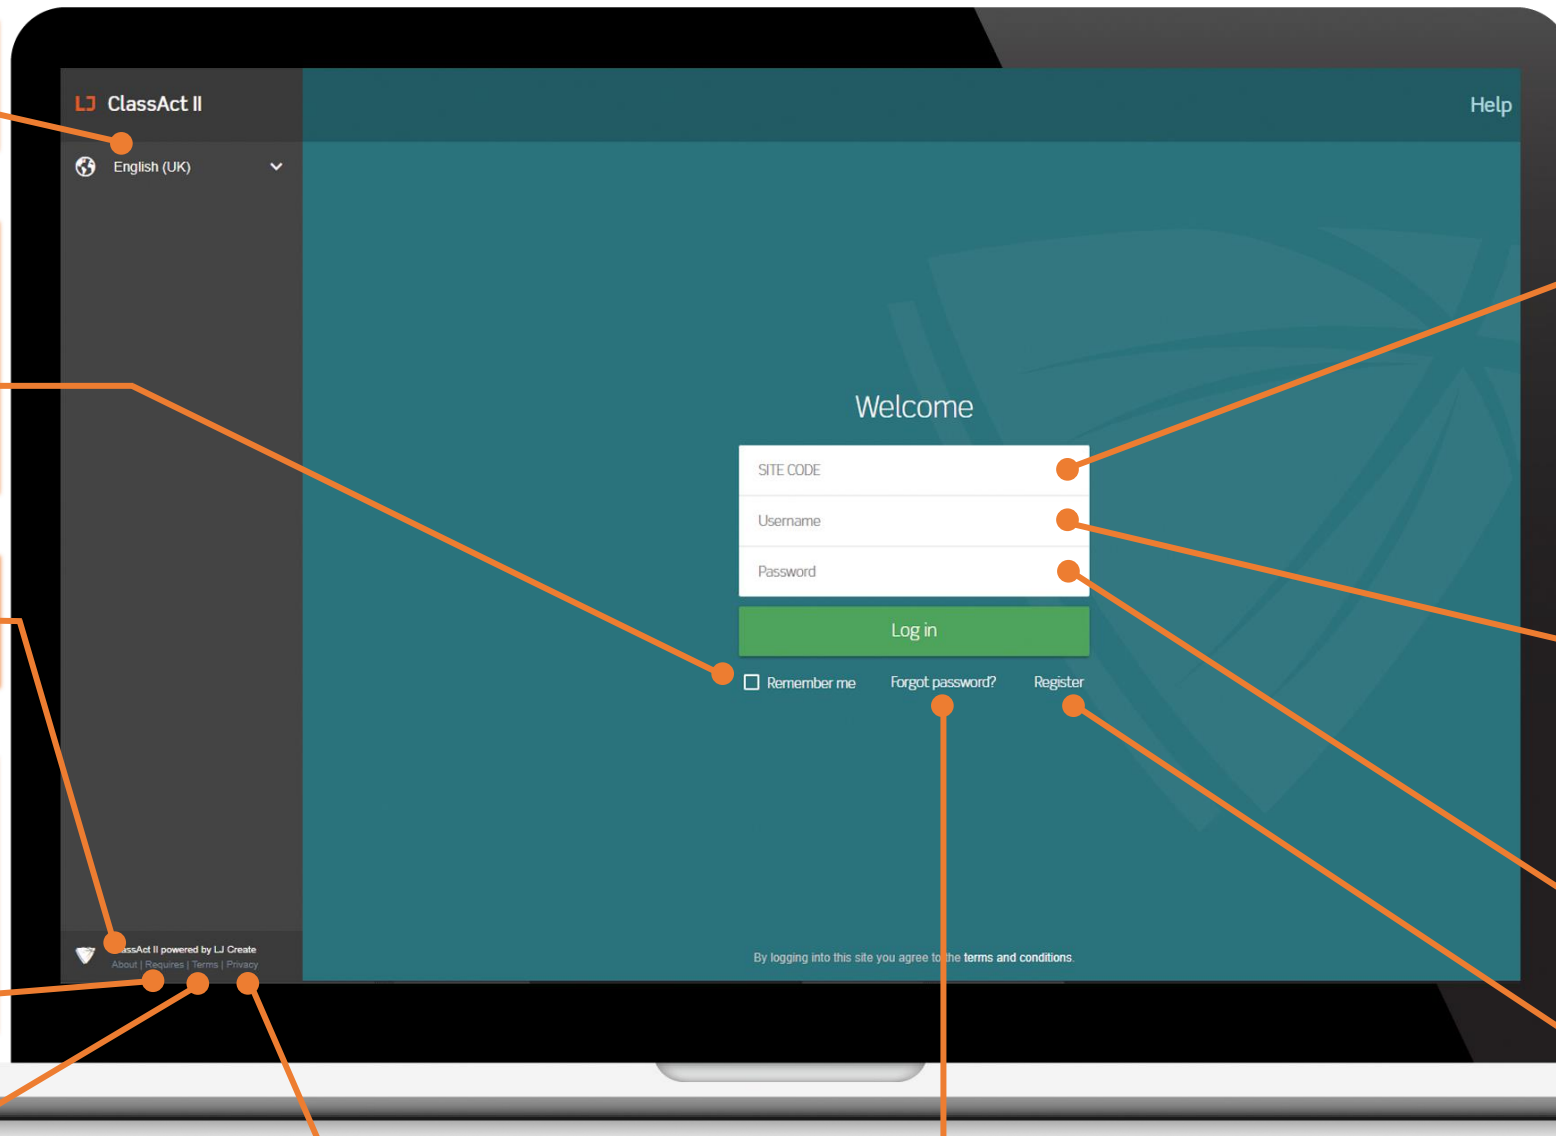

Forgot password?
If you forget your password, fill in the site code and username, and click "Forgot password?" An email will be sent to the email address associated with your account to aid you in resetting your password.

Register
Both students and teachers are able to create their own accounts. See next page for detailed instructions.

Site Code
All sites have a distinct code of four characters, assigned by LJ Create. Ask your teacher or administrator if you are unsure of this code.

Username
Every user has a unique username, either assigned by the teacher or chosen during self-registration. The username cannot be changed later.

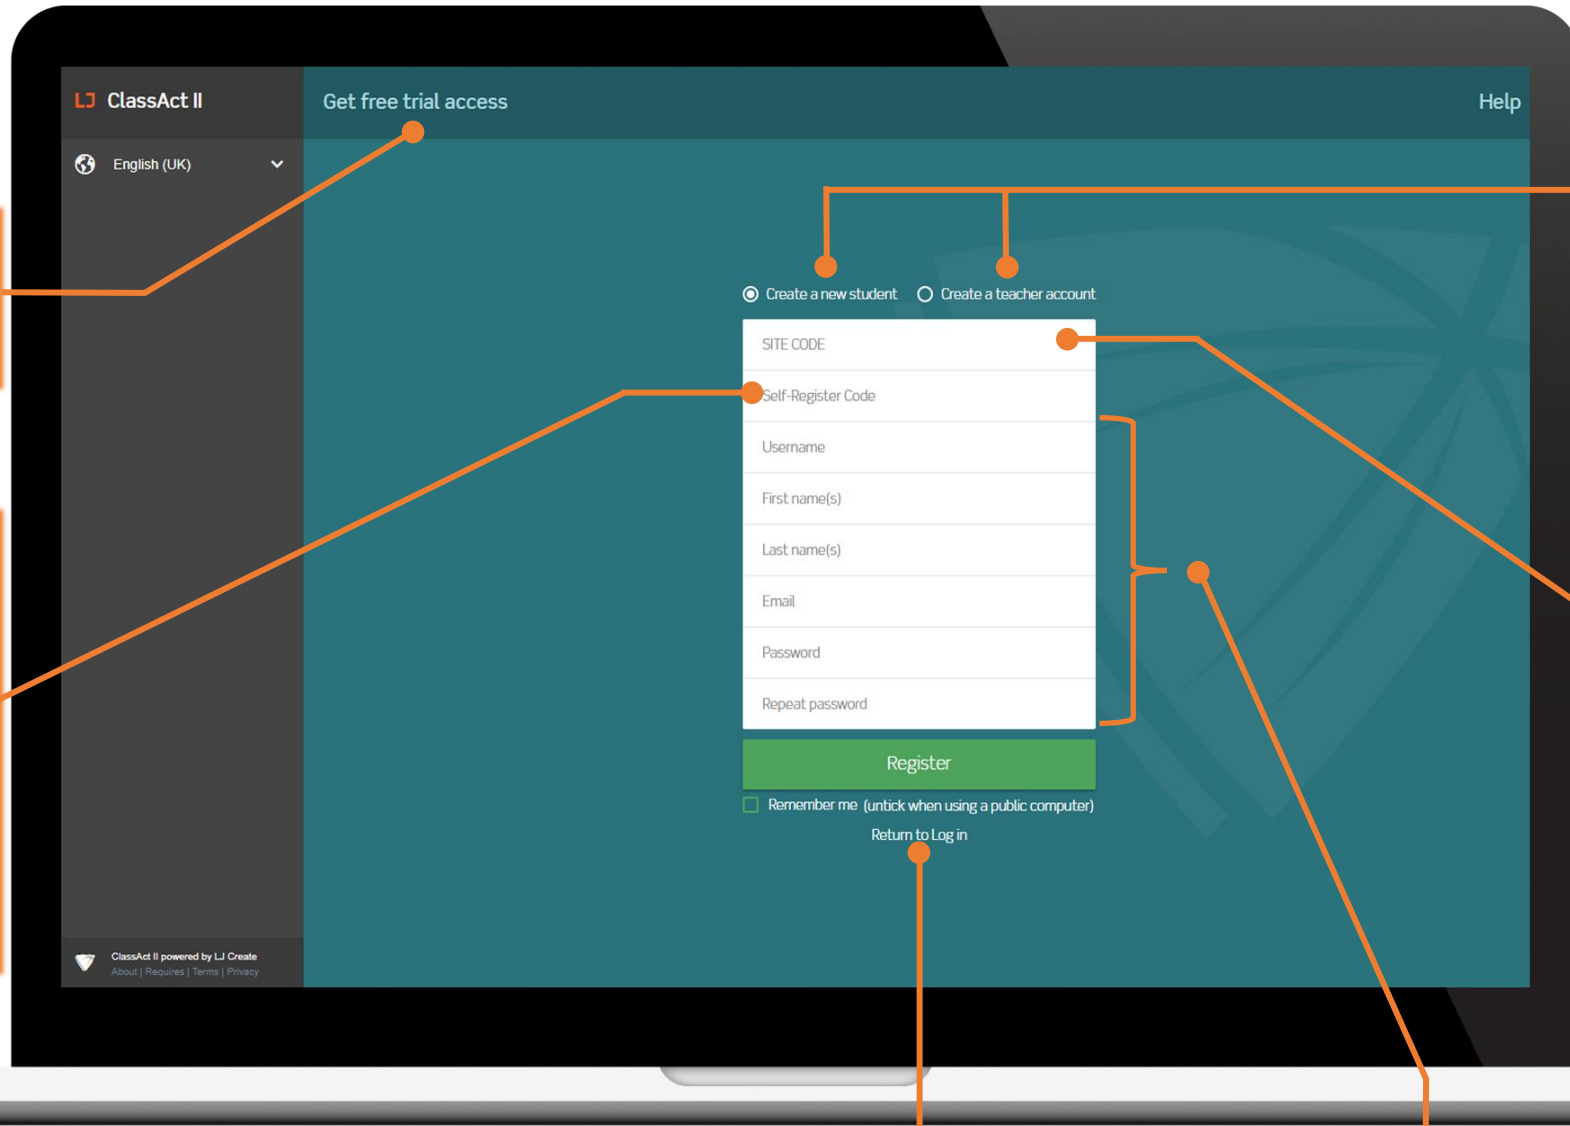

Password
Every user has their own password.
